The reports will be available on the FTP site approximately one hour later than the actual time, due to the new system shutdown schedule.

Report Modifications

The following reports will be modified in order to support the Asian Trading Hours Initiative, as of June 19, 2021.

Datalinx

The Trading Summary Reports (MXOptionsTradingSummary_YYYYMMDD.csv.gz and MXFuturesTradingSummary_YYYYMMDD.csv.gz) will be modified as follows:

Field	Modification
ExpirationDate	<p>[Existing Field Modified]</p> <p>1. The time portion of the field will be removed. The format will change from YYYYMMDDHHMMSS to YYYYMMDD and the length of the field will be 8 characters instead of 14.</p> <p>2. The field "ExpiryDate" will be renamed "ExpirationDate". The date represents the Business Date of the expiration and not the calendar date.</p>
LastTradingDateTime	<p>[New field]</p> <p>The field "LastTradingDateTime" will be added to indicate the last trading Date and Time of the product. This will be a new column at the end of the report.</p>

Operational Support

The Montréal Exchange will provide the same trading services for the full length of the trading day, regardless of the time, including continuous support (trading, connectivity, operations). MX will be staffed throughout the overnight hours to provide operational and technical support to Approved Participants and Vendors.
