STANDARD MONTHLY SATURDAY EXPIRY PROCESSING MOVE TO FRIDAY EVENING

**MODIFICATIONS TO
EQUITY OPTIONS CONTRACT SPECIFICATIONS AND
OPTIONS ON EXCHANGE-TRADED FUND CONTRACT SPECIFICATONS**

MODIFICATIONS TO ARTICLE 6637 OF RULE SIX OF THE RULES OF BOURSE DE MONTRÉAL INC.

I. OVERVIEW

Over the past several years, it has been the industry goal to move the standard monthly expiry processing from Saturday to Friday. The Options Clearing Corporation (the “OCC”), the clearing corporation for all U.S. options exchanges, has confirmed that options expiration will move from Saturday to Friday night as of June 21, 2013.¹ The Canadian Derivatives Clearing Corporation (“CDCC”), the clearing corporation for Bourse de Montréal Inc. (the “Bourse”), has announced their intention to coordinate their move to Friday night expiry with that of the OCC.² Thus, the amendments to the Bourse’s Rules and the associated amendments to the Bourse’s Equity Options contract specifications and Options on Exchange-Traded Fund contract specifications must also go into effect on June 21, 2013. From this date onwards, option expiration will occur on Friday for all U.S., Canadian and European equity derivatives.³

Saturday	3:00 p.m.	The completion of CDCC’s option expiration process

Table II - The option expiration process as of June 21, 2013

Day	Time	Event

³ For CDCC, should the third Friday of the month not be a business day, option expiration will occur on the first preceding business day.

Over the past nine years, the OCC and CDCC have engaged in numerous industry-wide initiatives to move start times and reduce automatic exercise thresholds⁴, with the ultimate goal of moving options expiry from Saturday to Friday night.

Exercise threshold reductions are key to the move to Friday night expiry as smaller thresholds result in reduced operational risk and improve back office processing.⁵

II. ANALYSIS

Description and Analysis of Impacts

There are a number of benefits inherent in the move to Friday night expiry. By harmonising the expiration process for all options products, the system risk inherent in processing multiple expirations on multiple days will be reduced. Clearing members will have no choice but to reconcile trades in real-time and to balance their positions in real-time. This will reduce the risk, to both clearing members and market participants, of having an outstanding trade, which has not yet been reconciled, against a clearing member who goes into default before reconciliation. Clearing members will be also able to perform risk management of cleared data on an intra-day basis.

Furthermore, costs will be reduced for clearing members and market participants as staff resource requirements for Saturdays will either be eliminated or greatly reduced, also technology departments will have greater flexibility in running processes on the weekend and expiration processes for North American markets will be brought in line with those of European markets.

⁴ Automatic exercise is a procedure implemented by clearing houses to protect option holders. It consists of having an "in-the-money" options automatically exercised by the clearing house when the "in-the-money" amount of the option equals or exceeds the thresholds set by the clearing house.

Drafting Process

The drafting process was driven by the need to harmonize expiration processing for Canadian markets with that for US and European markets.

Impacts on Technological Systems

The proposed changes will have no impact on the technological systems of the Bourse. The impact on the technological systems of CDCC, their clearing members and other market participants is limited to running expiry processes on Friday evening instead of Saturday morning, every third week of the month.

SUBJECT: INDUSTRY MOVE TO EXPIRATION FRIDAY PROCESSING

At the July 2012 Board of Directors meeting, OCC received unanimous approval to pursue the transition of Standard Monthly expiration processing from Saturday morning to Friday evening. As part of this approval it was confirmed that June 2013 will be the first month for expiration processing to occur on Friday evening.

The expiration date of existing option contracts will not change. The Board of Directors approved OCC's plan to establish a cutover date of February 1st, 2015. All standard monthly options with an expiration prior to February 1st, 2015 will retain a Saturday expiration date, and all standard monthly options expiring after February 1st, 2015 will have a Friday expiration date. This cutover date will not impact any existing FLEX contracts.

STANDARD MONTHLY SATURDAY EXPIRY PROCESSING MOVE TO FRIDAY EVENING

AMENDMENT TO CDCC RULES AND OPERATIONS MANUAL

A. Overview

Canadian Derivatives Clearing Corporation (CDCC) has a member of its Management team on The Options Clearing Corporation's (OCC) Expiry Streamline Committee (Committee) as a way to ensure that CDCC's processes remain compatible with those of OCC.

Over the past several years it has been the industry goal to move the standard Expiry processing from Saturday to Friday. CDCC has been working with its Clearing Members and the OCC to streamline the Expiration process. Lowering of the Auto-Ex Thresholds now at a penny and moving Saturday Expiry cut-off now at 10:00 a.m. Eastern were all executed with the ultimate goal to move the complete Saturday Expiry to Friday end of day. The move to Friday Expiry will align CDCC with OCC and the European markets in respect of expiry processing. In addition, the Montreal Exchange (MX) is currently investigating a number of initiatives that will require CDCC to run daily expiries.

CDCC has, through its Users' Group meetings and Operational Notices to Members been keeping its Clearing Members advised of this project. The intention is to implement this change for the June 2013 expiry, consistent with the OCC timeline.

B. Analysis

Nature and Purpose of Proposed Changes:

A number of rule changes are necessary to move from Saturday Expiry to Friday, namely to the following sections of CDCC Rules:

1. Rule A-1, Section A-102 – definitions of "Business Day", "Expiration Date" and "Expiration Time" amended;
2. Rule B-2, Subsection B-201(6) – change of time in respect of Expiry Friday;
3. Rule B-3, Subsection B-305(3) and Subsections B-307(a), (b)(ii), (h)(ii) and (l) – timing of the exercise procedure amended;
4. Rule B-10, Subsection B-1004(1) – timing of the exercise procedure amended;
5. Rule B-16, Subsection B-1603(1) – timing of the exercise procedure amended.

Also, the following sections of the Operations Manual need to be amended:

1. Section 1, page 2 – term of "Expiry Saturday" changed to "Expiry Friday";
2. Section 2, page 1 – change of time in respect of Expiry Friday;
3. Section 2, page 5 – all the time frames for online access changed for Expiry Friday;
4. Section 3, page 4 – change of title of CDCC reports for Options Expiry and description of MT01 / Options Daily Transaction Report, and MP11 / Expired Options Positions Report;
5. Section 6, page 2 – replace references to Expiry Saturday by Expiry Friday.

Description and Analysis of Impacts:

In order to successfully move to Friday Expiry, CDCC initiated the FiXML project which will allow the Clearing Members access to real time messaging to facilitate Clearing Members' Real-Time Reconciliations.

On November 7, 2011, CDCC published *Operational Notice 2011-M96* to announce that it had published the SOLA Clearing API FiXML Specifications Guide and the SOLA Clearing API FiXML Business Design Guide. Prior to the publication of these documents, CDCC solicited, and received comments from a number of firms with regards to the content of the messaging.

On November 14, 2011, CDCC published *Operational Notice 2011-105* to request Clearing Members' comments which were taken into consideration during the development process.

On December 23, 2011, CDCC published *Operational Notice 2011-M118* to announce the target dates for

the availability of the test environment and when the service will be in production.

CDCC has been communicating with all Clearing Members and Service Vendors to ensure that their respective Technical staff is aware of this important initiative. It is CDCC's goal to migrate all Clearing Members towards real-time trades and positions reconciliation and coordinate the implementation of this change with that of OCC.

A copy of CDCC's *Operational Notices 2011-M96, 2011-105 and 2011-M118* are included herewith.

Drafting Process:

The drafting process was driven by the need to remain consistent with OCC.

No other alternatives were considered.

Impacts on Technological Systems:

The impact on the technological systems of CDCC, Clearing Members or other market participants is limited to running expiry processes on the Friday evening instead of Saturday morning every third week of the month.

Benchmarking:

The proposed changes are aligned with OCC.

A document entitled *OCC – Expiration Friday FAQs*, dated August 2012, included herewith, provides details in respect of the proposed OCC model in respect of moving expiry Saturday to Friday.

C. Public Interest

These amendments to the CDCC Rules and Operations Manual are not contrary to the public interest.

D. Process

The proposed amendments are submitted for approval by the CDCC Board. Once the approval has been obtained, the proposed amendments, including this analysis, will be transmitted to the Autorité des marchés financiers in accordance with the self-certification process and to the Ontario Securities Commission for information. The proposed amendments and analysis will also be submitted for approval to the Bank of Canada in accordance with the Oversight Regulatory Agreement.

- (3) Every tender of an Exercise Notice in accordance with Subsection B-301(2) shall be irrevocable.
- (4) Exercise Notices may be tendered in respect of Opening Purchase Transactions which have not yet been accepted by the Corporation, and shall be assigned by the Corporation at the same time and in the same manner as Exercise Notices filed on the same Business Day in respect of issued Options, provided that any such Exercise Notice shall be deemed null and void and of no force or effect if the Opening Purchase Transaction in respect of which it was tendered is not accepted by the Corporation on the earlier of the Expiration Date or the Business Day immediately following the date on which such Exercise Notice was filed.

Section B-303 Restrictions on the Tender of Exercise Notices

Whenever the Corporation or an Exchange on which a member of the Corporation is member, acting pursuant to its rules, imposes a restriction on the exercise of one or more series of American Options on the grounds that such restriction is deemed advisable in the interests of maintaining a fair and orderly market in Options or in the Underlying Interest or is otherwise in the interest of the market in general or for the protection of investors, Options of such Series of Options shall not be exercisable by any Clearing Member except in accordance with the terms of such restriction. Notwithstanding the foregoing, no such restriction on exercise shall remain in effect with respect with any series of Options on

the Expiration Date for such series of Option or, in the case of American Options, during the ten days immediately prior to the Expiration Date of such series of Options.

Section B-304 Acceptance of Exercise Notices

An Exercise Notice properly tendered to the Corporation in accordance with Paragraph B-301(1)(b) or deemed to have been properly tendered in accordance with Section B-307 shall normally and routinely be accepted by the Corporation on the day of tender, except when the Corporation determines that to do so may not be in the interest of the Corporation, the public, or to the integrity of the market. The Corporation shall not be under any obligation to verify that an Exercise Notice received from a Clearing Member is or is deemed to be properly tendered.

Section B-305 Random Assignment of Exercise Notices

- (1) Exercise Notices accepted by the Corporation shall be assigned, in accordance with the Corporation's procedures of random selection, to accounts with open Short Positions in the Series of Options involved. The Corporation shall treat the accounts of all Clearing Members equally, provided, however, that an Exercise Notice for more than 10 Options will be randomly assigned to accounts in blocks not exceeding 10 Options, except on the Expiration Date when an Exercise Notice may be randomly assigned in total.
- (2) Subject to Subsection B-309(2) Assignment of Exercise Notices shall be made at or before 8 a.m. on the Business Day next following the day on which the Exercise Notice was tendered in accordance with Paragraph B-301(1)(b) or was deemed to have been tendered in accordance with Section B-307.
- (3) If an Exercise Notice is tendered in accordance with Paragraph B-301(1)(b), the assignment of such Exercise Notice shall be deemed tendered as of the day on which the Exercise Notice was tendered. If an Exercise Notice is tendered in accordance with Paragraph B-301(1)(a), the assignment of such Exercise Notice shall be deemed tendered as of the ~~Business Day preceding the~~ Expiration ~~Day~~ Date.
- (4) An Exercise Notice shall not be assigned to any Clearing Member which has been suspended for default or insolvency. An Exercise Notice assigned to a Clearing Member which is subsequently so suspended shall be withdrawn and thereupon assigned to another Clearing Member in accordance with this Section.

Section B-306 Reporting of Exercises and Assignments

A Clearing Member submitting an Exercise Notice and a Clearing Member to whom an Exercise Notice is assigned shall be notified of the receipt and assignment of such Exercise Notice in:

- (b) a report ("Expiry Report") issued for expiring Series of Options only on Expiration Date.

Section B-307 Expiration Date Exercise Procedure

The following rules shall apply to the exercise of an Option on its Expiration Date:

- (a) At or before ~~8 a.m.~~7:15 p.m. on each Expiration Date, the Corporation shall make available to each Clearing Member an Expiry Response Screen listing, by account, each expiring Option in each of the Clearing Member's accounts with the Corporation. The Expiry Response Screen shall reflect the closing price (as herein defined) of the Underlying Interest for each Series of Options listed therein and shall include such further information as the Corporation may deem appropriate.
- (b)
 - (i) Each Clearing Member shall be required to access the Expiry Response Screen by electronic means. Each Clearing Member may notify the Corporation of the number of Options of each series, if any, to be exercised for each account. If no Options of a particular series are to be exercised for a particular account, the Clearing Member must notify the Corporation to this effect.
 - (ii) Each Clearing Member shall make a Confirmation Transmission in the form prescribed no later than ~~11:00 a.m.~~10:45 p.m. on the Expiration Date. Instructions to exercise Options transmitted to the Corporation shall be irrevocable and may not thereafter be modified.
- (c) It shall be the duty of each Clearing Member to review the Expiry Response Screen against the Clearing Member's own position records and to verify the accuracy of the closing prices reflected on such Expiry Response Screen. If a Clearing Member discovers any error or omission on an Expiry Response Screen, the Clearing Member shall immediately notify the Corporation thereof and co-operate with the Corporation in reconciling any discrepancies. If a Clearing Member's position records reflect expiring Options not listed in its Expiry Response Screen, and the Clearing Member and the Corporation are unable to reconcile their respective position records, the Clearing Member may exercise any Option not listed in its Expiry Response Screen (to the extent that such Options are subsequently determined to have existed in the Clearing Member's accounts) by input to the Expiry Response Screen, together with appropriate exercise instructions, or by tendering Exercise Notices with respect to such Options in accordance with Subsection (d) hereafter.
- (d) If, after the Clearing Member has made a Confirmation Transmission but prior to the Expiration Time, a Clearing Member desires to exercise Options expiring on such Expiration Date in addition to those which the Clearing Member has previously instructed the Corporation to exercise, the Clearing Member may do so by tendering a written Exercise Notice to the Corporation, prior to the Expiration Time, using such facilities as the Corporation may designate from time to time.
- (e) Each Clearing Member shall be deemed to have properly and irrevocably tendered to the Corporation, immediately prior to the Expiration Time on such Expiration Date, an Exercise Notice with respect to:
 - (i) each Option listed on the Clearing Member's Expiry Response Screen which the Clearing Member has instructed the Corporation to exercise in accordance with Subsections (b), (c) or (d) of this Section B-307; and

- (ii) every Option of each series listed in the Clearing Member's Expiry Response Screen which is of a Class of Options subject to automatic exercise and which has an exercise price below (in the case of a call) or above (in the case of a put) the closing price of the Underlying Interest by such amounts as may be specified by the Corporation from time to time, unless the Clearing Member shall duly instruct the Corporation in accordance with Subsection (b) to exercise none or fewer than all of the Options of such series carried in such account. If the Clearing Member desires that such Option not be exercised, it shall be the responsibility of the Clearing Member to give appropriate instructions to the Corporation in accordance with Subsection (b).

INTERPRETATION AND POLICIES: The Predetermined Limits relevant to Paragraph B-307 (e) (ii) are as follows:

Equity, Silver, Bond and Index Participation	-	\$0.01 or more in-the-money for Client Accounts
		\$0.01 or more in-the-money for Firm and Market Maker Accounts
Index, Gold and Futures Options	-	No limits. All in-the-money Long Positions will be automatically exercised.

- (f) Every Clearing Member shall ensure that an Authorized Representative is available by telephone to the Corporation between the hours stipulated by the Corporation on each Expiration Date.
- (g) The Corporation shall have no liability to any Clearing Member in respect of any claims, costs, losses, damages or expenses resulting from the exercise or non-exercise of any Option due to any error or omission (whether relating to the inclusion of Options, the determination of closing prices, the making of computations or otherwise) on any Expiry Response Screen whether or not the Clearing Member reviewed such Expiry Response Screen. Any Clearing Member who fails to comply with Paragraphs (b) (i) and (ii) and Subsection (f) shall indemnify and hold the Corporation harmless from any costs, losses, expenses or claims which may arise, directly or indirectly, from the Clearing Member's failure to comply with these provisions.
- (h) On any Expiration Date, the Corporation may in its discretion extend any or all of the times prescribed in Subsections (a) to (f) provided that in no event, except pursuant to Section A-208 of these Rules, shall
 - (i) the deadline for the Confirmation Transmission to the Corporation be extended beyond the Expiration Time,
 - (ii) the time of the availability of any Expiry Response Screen be extended to a time less than ~~two~~three hours before the Expiration Time.

- (i) The untimely transmission of the Confirmation Transmission by a Clearing Member shall be deemed a violation of the Rules and shall cause the Clearing Member to be deemed a Non-Conforming Member subject to disciplinary action pursuant to Rule A-4 and Rule A-5, unless the Clearing Member was prevented by unusual or unforeseen conditions or events (including, but not limited to fire, strike, power failure, extraordinary weather conditions, accident, computer malfunction, acts of public authorities and business or banking moratoriums) from returning such report to the Corporation on a timely basis.
- (j) The tendering of an Exercise Notice by a Clearing Member pursuant to Subsection (d) after the time established for the Confirmation Transmission shall be deemed a violation of the Rules and shall cause the Clearing Member to be deemed a Non-Conforming Member, subject to disciplinary action pursuant to Rule A-4 and Rule A-5 unless the Exercise Notice was tendered for the account of a client of the Clearing Member, and
 - (i) the Clearing Member was prevented from giving the exercise instruction contained therein to the Corporation on a timely basis by unusual or unforeseen condition or events of the type described in Subsection (i) affecting the Clearing Member's ability to communicate such instructions to the Corporation or to receive or process such instructions from clients, or
 - (ii) in the case of exercise instructions given for the account of clients other than Market Makers or other broker-dealers submitting exercise instructions for their own accounts, the Clearing Member was satisfied that the client was unable, due to exceptional circumstances, to communicate such instructions on a timely basis.
- (k) Notwithstanding that a Confirmation Transmission shall be deemed to have been made or an Exercise Notice shall be deemed to have been tendered in violation of the Rules pursuant to Subsection (i) or (j), all exercise instructions properly given therein shall be valid and effective provided that such Confirmation Transmission shall be made or such Exercise Notice is tendered prior to the Expiration Time. If a Clearing Member makes a Confirmation Transmission after the time required for making such transmission, or files an Exercise Notice pursuant to Subsection (d) after making the Confirmation Transmission, the Clearing Member shall be obligated to advise the Corporation in writing of the specific reasons therefore within two Business Days thereafter.
- (l) The term "closing price", as used with respect to any Underlying Interest in this Section B-307, means the price of the Underlying Interest at or about the close of trading on the ~~Business Day preceding the~~ Expiration Date as reported to the Corporation by the Primary Exchange. If no trading took place on the Primary Exchange on such Business Day, then the price for such Security at or about the close of trading as reported to the Corporation by the other Exchange will be used.

Notwithstanding the foregoing, if an Underlying Interest was not traded on the ~~Business Day immediately preceding any~~ Expiration Date or circumstances indicate that there may be other uncertainty regarding the Underlying Interest, the Corporation may determine not to fix a closing price for that Underlying Interest. In the event of such a determination, Expiry Response Screens will not include a daily closing price for that Underlying Interest, and Clearing Members may exercise Options for the Underlying Interest only by giving affirmative exercise instructions in accordance with Subsection (b) or (e).

Section B-308 Assignment of Exercise Notices to Clients

- (1) Assignment to an account other than that indicated on a report (“Options Exercised and Assigned Report”) is not permitted.
- (2) Each Clearing Member shall establish fixed procedures for the allocation of Exercise Notices assigned to it in respect of a Short Position in the Clearing Member's Client Account. The allocation shall be on a “first in, first out” basis, on a basis of random selection, or another allocation method that is fair and equitable to the Clearing Member's clients and consistent with the regulations, rules and policies of each Exchange on which the Option is traded, if applicable. Such allocation procedures and any changes thereto shall be reported to the Corporation on request.
- (3) No Clearing Member shall permit, unless there is no alternative, the allocation of an exercise against a Short Position that was opened on the day of such allocation.

However, if the Corporation shall determine in its sole discretion that any such addition, deletion or change causes significant discontinuity in the level of the Index, the Corporation may adjust the terms of the affected Index Options by taking such action as the Corporation in its sole discretion deems fair to Clearing Members holding Long or Short Positions in these contracts. PLEDGING

Clearing Members must input requests for deposit or withdrawal of Acceptable Collateral on the pledging screen of the CDCC Clearing Application.

CDCC monitors the pledging screens between 9:00 a.m. and 3:30 p.m. on Business Days.

CDCC verifies the validity of each deposit made by Clearing Members and ensures that withdrawals do not create deficits in the Clearing Members' accounts (Margin, Clearing Fund or Difference Fund). Any request for the withdrawal of a Specific Deposit should be entered prior to when the intra-day margin call process runs as deposits are valued at this time. Any withdrawal of this type entered after such time will not be processed as such withdrawal cannot be properly valued.

The entries on the pledging screen of the CDCC Clearing Application are matched by CDCC to corresponding entries on the reporting system of the relevant Central Securities Depository.

In some cases an exchange of document at a CDCC Office by the Clearing Members (accompanied by a screen print of the entry bearing the Clearing Member's stamp) may be accepted by CDCC as constituting a physical deposit or withdrawal.

After performing all the validation processes, CDCC confirms within the CDCC Clearing Application the Clearing Members' deposits and/or withdrawals.

Deposits, withdrawals and changes thereto will be reflected on the immediately following Business Day Deposits and Withdrawals Report (MA01). In accordance with CDCC's Rules, any discrepancies that the Clearing Member notices against its own records should be reported to CDCC immediately.

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES

INTRODUCTION

OPTIONS

At the time of exercise of an Option, CDCC is responsible for issuing settlement records that will facilitate the delivery of the Underlying Interest to the Clearing Member who chooses to exercise that Option (in case of the exercise of a call Option) or the payment of the relevant Exercise Price (in the case of the exercise of a put Option). When a Clearing Member exercises an Option, CDCC assigns the delivery obligation to a Clearing Member who is the writer of Options in the same Series of Options in any one of its Client Account(s), Firm Account(s), or Multi-Purpose Account(s).

Assignment is made specifically to one of these accounts by CDCC. If assignment is made to a Client Account, the Clearing Member is responsible for allocating it to a specific client. If assignment is made to a Multi-Purpose Account, the Clearing Member must allocate it to the specific Multi-Purpose Account designated by CDCC.

Delivery of the Underlying Interest and payment of the Exercise Price is to be effected by Clearing Members through the settlement method instructed by CDCC.

FUTURES

All Futures which have not been closed out by the last trading day will be marked-to-market up to and including the close of the last trading day. In addition, the seller of a Future must submit a Tender Notice in the Delivery Month in accordance with applicable Contract Specifications.

When a seller of a Future submits a Tender Notice to CDCC, CDCC assigns it to a Clearing Member which is the buyer of a Future in the same Series of Futures in any one of its accounts. Assignment is made specifically to one of these accounts by CDCC. If assignment is made by CDCC to a Client Account, the Clearing Member is responsible for allocating it to a specific client. If assignment is made to a specific Multi-Purpose Account, the Clearing Member must allocate it to the specific Multi-Purpose Account designated by CDCC.

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES

EXPIRY PROCEDURES

Operations Notices are sent to Clearing Members setting forth the expiry procedures and it is the responsibility of Clearing Members to ensure that they have adequate processes in place to meet requirements and timelines prescribed by CDCC.

OPTIONS

For all information pertaining to the Option expiry procedures, Clearing Members should refer to the Operational Notices which are issued approximately two (2) weeks prior to the Expiration Date.

CDCC's Responsibilities on Expiry [SaturdayFriday](#)

1. Review/modify Underlying Interest prices and notify the Clearing Members of any changes.
2. Notify Clearing Members (via e-mail) of any changes in the Production Schedule.
3. Notify Clearing Members (via e-mail) of the status of expiry processes.
4. Assist Clearing Members.

Clearing Members' Responsibilities on Expiry [SaturdayFriday](#)

1. Ensure that the staff responsible for expiry is familiar with all expiry procedures and processes.
2. Validate entries using the Inquiry Screens or the relevant reports:
 - a. Verify that all Open Positions and adjustments match internal records, enter any new Transaction or Open Position adjustments accordingly.
 - b. Verify that the number of Options that will be automatically exercised on Expiration Date are correct.
 - c. For any changes, indicate on the Expiry Response Screen under the "Override" column the total number of Options for each Series of Options to be exercised.
 - d. Verify any Out-Of-The-Money Options or At-the-Money Options to be exercised and enter the number of Options under the "Override" column.
3. Validate changes using the reports and/or the on-line access to CDCC Clearing Application (in accordance with timeframes set forth in Section 2 of this Operations Manual).
4. If required, make any allowed modifications (in accordance with timeframes set forth in Section 2 of this Operations Manual).

Daily Expirations (other than Expiry [SaturdayFriday](#))

When CDCC receives Underlying Interests' closing and opening prices from the relevant Exchange, the prices are specified on the relevant Expiry Report and are used to determine the In-the-Money Options and the Out-of-the-Money Options.

Clearing Members have until the Close of Business on any Business Day up to the Expiration Date to submit an Exercise Notice with respect to American Style Options to CDCC. European Style Options can only be exercised on their Expiration Date.

OTCI Options can expire on any Business Day.

Typically, exercise instructions must be entered online on the CDCC Clearing Application by Clearing Members. However, if unavailable, the following manual process can be used to submit Exercise Notices to CDCC:

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES

1. The proper CDCC Exercise Notice form must be used.
2. The authorization stamp of the Clearing Member must be affixed on the form.
3. The properly delivered Exercise Notice will be accepted at any CDCC office.
4. The Exercise Notice must be properly delivered by five minutes before Close of Business.
5. The Clearing Member staff who deliver the Exercise Notice must be available until CDCC processes the exercise.

The CDCC Clearing Application will ensure that there are sufficient Option Open Positions of the relevant Series of Options in the relevant account of the Clearing Member for exercising the relevant Exercise Notice; if not, CDCC will reject the Exercise Notice. If there are sufficient Option Open Positions, the Clearing Member's Long Position is immediately reduced by the number of Option Open Positions exercised.

AN EXERCISE NOTICE CAN BE CANCELLED UNTIL CLOSE OF BUSINESS ON THE DAY IT IS SUBMITTED.

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES

OPTIONS

Exercises

Delivery and payment on Exercised Positions are due on the Exercise Settlement Date.

Until Exercise Settlement Date, CDCC continues to require sufficient Margin to ensure that, if a Clearing Member defaults, any Exercise Notice submitted by it or assigned to it, as the case may be, will be completed.

Exercised Positions and Assigned Positions are reported to Clearing Members through relevant reports listed in Section 3 of this Operations Manual.

Assignments

After the Close of Business on any Business Day on which an Exercise Notice is submitted to CDCC, assignment of such Exercise Notice is made on a random selection basis, in which each account of a Member is treated separately. The reason for the separation is to ensure that each Clearing Member's Client Account(s), Firm Account(s), and Multi-Purpose Account(s) have the same probability of being assigned Exercise Notices. When a Clearing Member is assigned an Exercise Notice for a given account (e.g. the Firm Account) it may not allocate that assignment to another account (e.g. a Client Account).

An attempt will be made by CDCC to assign an Exercise Notice for more than 10 Options contracts in blocks not exceeding 10 contracts in each Series of Options.

Exercise Notices assigned to a Clearing Member's Client Account shall be allocated by the Clearing Member to any of its clients based on any method which is equitable and consistent with the rules of the relevant Exchange.

Automatic Exercise - Options and Options on Futures

To safeguard Clearing Members from possible errors, CDCC has instituted an Automatic Exercise procedure for expiring Series of Options. In simple terms, all In-the-Money Options and Options on Futures over predetermined thresholds are automatically exercised by CDCC, unless Clearing Members instruct otherwise.

CDCC establishes predetermined thresholds and informs Clearing Members that every Option and Option on Future above that threshold will be automatically exercised. CDCC will not automatically exercise any At-the-Money Option. CDCC provides a method for Clearing Members to make changes to the Automatic Exercise function of the CDCC Clearing Application. This allows Clearing Members to either opt in or opt out of the Automatic Exercise with respect to the Options and Options on Future they hold. For example, a Member can choose not to exercise an Option that is above the predetermined threshold but to exercise another Option that is At-the-Money or Out-of-the-Money.

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES**Exercised and Assigned Option Contracts****a) Exercised Positions**

A Clearing Member who has exercised an Option has an obligation to either deliver the Underlying Interest (in the case of a Put Option) or pay the Exercise Price (in the case of a Call Option).

b) Assigned Positions

A Clearing Member who has been assigned an Exercise Notice has the obligation to pay the Exercise Price upon delivery of the Underlying Interest (in the case of a Put Option) or to deliver the Underlying Interest against payment (in the case of a Call Option).

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES**FUTURES****Submission of Tender Notices**

Tender Notices must be submitted before Close of Business during the relevant FIFO Period (which, subject to any contract adjustment by the Exchange, shall be as follows):

CGB, CGF and LGB	three Business Days prior to the first Business Day of the Delivery Month up to and including the fourth to last Business Day of the Delivery Month.
Share futures	three Business Days prior to the first Business Day of the Delivery Month up to and including the fourth to last Business Day of the Delivery Month.
CGZ	two Business Days prior to the first Business Day of the Delivery Month up to and including the third to last Business Day of the Delivery Month.
MCX	before Close of Business on the last trading day.

All outstanding Short Positions in BAX, SXF, SXM, SCF, Sectorial Indices, Options on Futures are automatically tendered on the last trading day, as per Contract Specifications, after Close of Business.

All outstanding Short Positions in ONX, OIS are automatically tendered on the first Business Day of the contract month, as per Contract Specifications, after Close of Business.

Assignment of Tender Notices

CDCC assigns all Tender Notices to open Long Positions on a random basis with the exception of the Government of Canada Bond Futures (CGB, LGB, CGF and CGZ). Assignments for the CGB, LGB, CGF and CGZ Futures are processed on a First-In-First-Out (FIFO) basis.

Delivery of the Underlying Interest and payment of the Settlement Price is effected by Clearing Members as instructed by CDCC.

FIRST-IN-FIRST-OUT (FIFO) ASSIGNMENT PROCESS**Description of Procedures**

The Delivery Months for the CGB, CGF, LGB and CGZ Futures contracts are March, June, September and December as prescribed by the Exchange. When a Member submits a Tender Notice with respect to a Short Position, a Long Position is assigned on a First-In-First-Out (FIFO) basis. CDCC sends out an Operational Notice prior to each relevant FIFO Period to remind Clearing Members of the procedures involved.

On the sixth Business Day prior to the first Business Day of the Delivery Month, each Clearing Member holding Long Positions in the relevant Series of Futures must declare on the CDCC Clearing Application its Long Positions in chronological order for each of its accounts. The entries must include the date the position was opened, the number of

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES

contracts and the account. When CDCC assigns a Tender Notice, the Long Position with the oldest date will be assigned first and the Long Position with the most recent date will be assigned last.

During the FIFO Period, Clearing Members must ensure that they update their declarations on a daily basis before Close of Business.

FIXED INCOME TRANSACTIONS

CDCC acts as central counterparty to all Fixed Income Transactions that are submitted by Clearing Members to CDCC for clearing. All Fixed Income Transactions shall be submitted for clearing to CDCC through an Acceptable Marketplace or through the CDS trade matching facility routing matched trades to CDCC. As a result of these Transactions being novated to CDCC, CDCC will be either the buyer or the seller of all settlement records that are sent to the Central Securities Depository.

Various transmissions of settlement records will be sent by CDCC to the Central Securities Depository on a daily basis.

Same Day Transactions gross settlement records

For Same Day Transactions, two settlement records consisting of settlement instructions (Gross Delivery Requirements and Gross Payment Against Delivery Requirements) will be sent gross to the Central Securities Depository to be settled on a real-time basis throughout the day immediately after each Same Day Transaction is novated to CDCC until the Submission Cut-Off Time specified in Section 2 of this Operations Manual.

Forward Settlement Transactions and Futures Contracts on an Acceptable Security net settlement records

For Forward Settlement Transactions and Futures Contracts on Acceptable Securities, settling on the next Business Day, two settlement records consisting of net settlement instructions (Net Delivery Requirements and Net Payment Against Delivery Requirements) will be sent to the Central Securities Depository on a net basis at the Netting Cut Off Time specified in Section 2 of this Operations Manual for settlement on the next Business Day.

Morning net DVP settlement process

In respect of any Pending Payment Against Delivery Requirements at the Morning Netting Cycle Timeframe specified in Section 2 of this Operations Manual, CDCC shall send new settlement records (Morning Net Payment Against Delivery Requirements) to the Central Securities Depository reducing any Pending Payment Against Delivery Requirements of a Clearing Member in favour of CDCC by any Pending Payment Against Delivery Requirements of CDCC in favour of the same Clearing Member. The Clearing Member shall have sufficient funds in its cash account at CDS to settle the lesser of (i) its Morning Net Payment Against Delivery Requirement and (ii) the amount of the CDCC Daylight Credit Facility during the Morning Net DVP Settlement Timeframe specified in Section 2 of this Operations Manual.

Afternoon net DVP settlement process

In respect of any Pending Settlement Requirements at the Afternoon Netting Cycle Timeframe specified in Section 2 of this Operations Manual, CDCC shall send new settlement records (Afternoon Net DVP Settlement Requirements) to the Central Securities Depository reducing any Pending Delivery Requirements of a Clearing Member in favour of CDCC by any Pending Delivery Requirements of CDCC in favour of the same Clearing Member in respect of the same Acceptable Security, and/or reducing any Pending Payment Against Delivery Requirements of a Clearing Member in favour of CDCC by any Pending Payment Against Delivery Requirements of CDCC in favour of the same Clearing

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES

Member. The Clearing Member shall have sufficient funds and sufficient Acceptable Securities in its cash and securities accounts at CDS to settle its Afternoon Net DVP Settlement Requirements by the End of Day DVP Settlement Time specified in Section 2 of this Operations Manual.

Delivery

Securities delivery against payment is effected on a DVP basis through the Central Securities Depository.

In the event of a failed or partial delivery, CDCC will take appropriate action in accordance with Section A-804 of the Rules.

CDCC shall determine the net settlement instructions by Clearing Member, CUSIP/ISIN and Settlement Date for all Transactions comprised in the Forward Settlement Transactions netting process (as specified in the above section entitled as such) submitted to CDCC for clearing as of the Netting Cut Off Time. These settlement instructions shall be submitted to the relevant Central Securities Depository on a daily basis and in the form and settlement tranche acceptable to the Central Securities Depository for this purpose.

For Same Day Transactions, CDCC shall determine the gross settlement instructions (Gross Delivery Requirements and Gross Payment Against Delivery Requirements) by Clearing Member and the applicable CUSIP/ISIN, and submit such instructions to the relevant Central Securities Depository (in the form and settlement tranche acceptable to such Central Securities Depository) immediately after each Same Day Transaction is novated to CDCC for real-time settlement. Notwithstanding the foregoing, at the Morning Netting Cycle Timeframe, CDCC shall cancel previously issued Pending Payment Against Delivery Requirements and replace them by Morning Net Payment Against Delivery Requirements by Clearing Member (as specified in the above section entitled "Morning net DVP settlement process").

In the event of a Failed Delivery for a particular settlement tranche to a Net Delivery Requirement or to an Afternoon Net DVP Settlement Requirement consisting of an obligation to deliver Acceptable Securities by the End of Day DVP Settlement Time specified in Section 2 of this Operations Manual, CDCC shall, on a best efforts basis, attempt to coordinate a partial delivery among those Receivers of Securities for that particular settlement tranche of the relevant Acceptable Security. In the event that no partial settlement is possible, the settlement tranche will be included in the Rolling Delivery Obligation of the failing Clearing Member and CDCC shall re-attempt settlement of the failed settlement tranche on the next Business Day. In the case of a Failed Delivery with respect to a Gross Delivery Requirement resulting from a Same-Day Transaction submitted after the Afternoon Netting Cycle Timeframe and before the Submission Cut-Off Time to be settled by the End of Day DVP Settlement Time, CDCC will failed or partially deliver the same quantity of Acceptable Securities on the Clearing Member who is the Receiver of Securities with respect to the relevant Same Day Transaction.

In the event of a Failed Payment Against Delivery at the Morning Net DVP Settlement Timeframe specified in Section 2 of this Operations Manual, CDCC shall impose a fine on the Clearing Member corresponding to the charges which are levied on CDCC for the usage of the CDCC Daylight Credit Facility as a result of this Failed Payment Against Delivery. If the Clearing Member still does not have sufficient funds in its cash account at the Central Securities Depository to settle the relevant Morning Net Payment Against Delivery Requirement, or in the amount of the CDCC Daylight Credit Facility (whichever is less) by 11:00 a.m., the Clearing Member shall be deemed a Non-Conforming Member, in addition to any other remedies that CDCC may apply to such situation in accordance with Subsection A-806(1) of the Rules.

In the event of a Failed Payment Against Delivery at the End of Day DVP Settlement Time specified in Section 2 of this Operations Manual, the Clearing Member shall be deemed a Non-Conforming Member and shall be required to pay to CDCC any charges which are levied on CDCC for the overnight financing of this Failed Payment Against Delivery, in addition to any other remedies that CDCC may apply to such situation in accordance with Subsection A-806(2) of the Rules.

EXERCISES, TENDERS, ASSIGNMENTS AND DELIVERIES**Buy In Process**

As set forth in Subsection A-804(3) of the Rules, CDCC may effect a buy-in transaction on its own initiative or pursuant to a formal request by a Receiver of Securities affected by a Failed Delivery by purchasing the missing quantity of the relevant Acceptable Securities on the open market.

When initiated by a Receiver of Securities, the buy-in process shall be as followed:

1. The Receiver of Securities who wants to initiate a buy-in must send to CDCC the appropriate Buy-In Scan Form (which is accessible on CDCC's Secured Website) duly completed, with the following information:
 - a. Clearing Member's Name;
 - b. Clearing Member's Number
 - c. The Acceptable Security (ISIN) involved;
 - d. The total quantity of the Failed Delivery;
 - e. The quantity requested in the buy-in;
 - f. The buy-in delivery date, which shall be the current Business Day + not less that two (2) complete Business Days.

The Buy-In Scan Form must be submitted to CDCC in the prescribed format with the authorization stamp of the Clearing Member properly affixed on the form (with initials).

2. Upon receiving the duly completed Buy-In Scan Form from a Receiver of Securities, CDCC will work with the Provider(s) of Securities responsible for the Failed Delivery in order to validate if the delivery can be made within the number of Business Days specified in the Buy-In Scan Form (the "Buy-In Notice Delay").
3. At the expiry of the Buy-In Notice Delay, if the Provider(s) of Securities has not delivered the relevant Acceptable Securities, CDCC will initiate a cash trade on the open market.
4. Once delivery is received by CDCC on the cash trade, CDCC will deliver the Acceptable Securities to the Receiver of Securities that requested the buy-in transaction.
5. All fees incurred to CDCC, including all costs with respect to the buy-in transaction shall be charged to the Provider(s) of Securities responsible for the Failed Delivery. Such fees will be included on the Monthly Clearing Fees Details Report (MB01) of the second Business Day of each month as a separate pay figure, payable to CDCC on the 5th Business Day of each month through LVTS or any other payment method approved by CDCC.

EXCHANGE TRADED PRODUCTS Clearing Application Program Interface (API) - FIXML™¹

As has been communicated via numerous Users' Groups meeting, CDCC has initiated a project to allow the Clearing Members access to real time messaging to facilitate Clearing Members' Real-Time Reconciliations.

CDCC has now published the *SOLA® Clearing API FIXML™ Specifications Guide* and the *SOLA® Clearing API FIXML™ Business Design Guide* of the chosen protocol. You will find these on the CDCC Extranet within the Technical Document section.

In essence, the Specifications Guide is a more technical document whereas the Business Design Guide will provide greater details from a business perspective. The scope of the work that needs to be conducted as well as greater information on technical and business requirements as layouts, schemas and tags are defined therein.

The next stage of CDCC's project will entail development of the aforementioned FIXML™ infrastructure while the Clearing Members commence their development (or that of their vendors) to use this functionality in preparation of the elimination of Expiry Saturday and the upcoming Weekly Options.

Future communications will be made via the CDCC User's Group meetings (Exchange Traded and OTC) regarding this initiative as well as through CDCC Operational Notices.

If you have any questions or concerns, please contact CDCC'S Member Services department or direct your e-mail inquiries to cdccops@cdcc.ca

Q1: Why is OCC moving standard expiration processing to Friday?

For years it has been an industry wide goal to move standard expiration processing from Saturday to Friday. This change will result in several benefits including;

- The migration of all clearing members towards real-time trade date reconciliation and position balancing.
- The reduction of clearing member staffing costs for expiration processing.
- The coordination of all product expiration types (Standard, Quarterly, Weekly & Daily) to one repeatable expiration process.
- Aligns the United States with the European markets with expiration processing.
- Increases install and maintenance scheduling flexibility.

Q2: When will OCC migrate the current Expiration process from Saturday to Friday?

June 21, 2013. The June 2013 Standard Expiration will be the first Standard Expiration to be processed on Friday evening. Please reference OCC Memo #30132.

Q3: Do firms need to process data real time in order to be ready for expiration Friday?

Firms must be able to balance positions and trades same day and therefore, OCC is strongly recommending firms migrate to real time processing.

Q4: How do I get included in any updates or meetings involving the transition to Expiration Friday?

Send an email to expfriday@theocc.com or contact the Member Services Help Desk at the following numbers: 800-544-6091 or 800-621-6072. Within Canada, please call 800-424-7320.

Q5. How will expiration processing work?

All expiration processing will occur on Friday evening instead of Saturday. This will be similar to Weekly and Quarterly Expiration processing.

Q6. What are the window timeframes for Standard Friday Expiration?

Window/Process	Time
Trades Received	5:00 pm CT
CMTA Window	5:00 pm CT
EED/DNED Window	6:00 pm CT
Daily Post Trade Window	6:00 pm CT
Ex by Ex Window Opens	6:00 pm CT
Ex by Ex Window Closes	9:15 pm CT

Q7. Will there be any difference between Standard Expiration Friday and Weekly Expiration Friday?

The Standard Expiration Ex by Ex window will close at 9:15 pm CT instead of 7:00 pm CT as it does for Weekly / Quarterly Expiration. Reports and DDS transmissions will also be delayed as seen in the table below.

	Current Weekly Expiration	Standard Friday Night Expiration
Ex by Ex Window Closes	7:00 pm CT	9:15 pm CT
Reports Produced	9:00 pm CT	11:00 pm CT
DDS Transmissions	9:00 pm CT	11:00 pm CT

Q8. Will Options on Futures be impacted by this?

No. There will be no changes to the expiration processing of Options on Futures.

Q9. Can I enter post trade activity after 6:00 pm CT?

Yes, firms can still enter position adjustments and transfers of account for expiring options.

Q10. Will the window close for CMTA Transfers be modified for Friday Expiration?

The CMTA Window will still close at 5:00 pm CT.

Q11. Are EEDs/DNEDs still required and will the timeframe change?

Yes, Member Firms will still be required to submit any EED or DNED instructions and will still be required to authorize their accounts. No, the 6 pm CT timeframe for EED and DNED will not change.

Q12. Will customers need to submit exercise instructions earlier?

No, Exchange contrary rules and deadlines will not be changed.

Q13. Will I get two sets of reports and transmissions on Friday?

No. There will only be one set of reports and transmissions which will combine the Friday daily activity and Friday night expiration activity.

Q14. Will I still get a separate Expiring Delivery Advice Report on Saturday?

No, there will only be one Delivery Advice Report which will include expiring and non-expiring activity. The expiring activity will be displayed first followed by non-expiring activity.

Q15. Will I get any transmissions or reports on Saturday?

No. Since there will be no activity on Saturday, no reports or transmissions will be produced.

Q16. When will my margin and settlement reports be available?

OCC will process margin and settlement activity on Friday evening. These reports will be available at approximately 2:00 am CT on Saturday morning.

Q17. What are On-Demand Positions, and how can this help my firm with same-day position balancing?

On-Demand Positions is a FIXML file that includes all cleared positions at a specific point in time. This file can be used by firms to balance their positions with OCC and reconcile their account.

This file is generated in one of three ways. Users can initiate a run via the ENCORE GUI, a file can be generated via an inbound FIXML message to OCC, or a firm can schedule up to 4 daily runs at designated times throughout the day. Contact your clearing member representative to get an overview of the process and scheduling options.

Q18. Can I get an On-Demand Position File containing only expiring positions?

Yes, OCC has added functionality to allow firms to request On-Demand Positions for expiring only positions in addition to all positions.

Q19. Will OCC change the contract expiration date of existing options to Friday?

No, per OCC rules and SEC mandates, OCC is not allowed to change the expiration date of listed options not subject to a corporate action. However, at a certain point in the future, OCC will start adding products with an expiration date of Friday. The cutover date for adding products with an expiration date of Friday has been established as February 1, 2015.

Q20. How will the Expiration Cutover Date work?

The cutover date has been finalized as February 1, 2015. As an example for the cutover date, any option scheduled to expire prior to February 1, 2015 will have a Saturday expiration date, and any option expiring February 1, 2015 or beyond will have a Friday expiration date.

Q21. Will I ever have an expiration with a Friday and Saturday date?

Yes, for a specific product, you can have the standard options listed with a Saturday date and a flex option listed with a Friday date. However, all expiration processing for both dates will take place on Friday.

Q22. Will series for a standard option product have different expiration dates within the same expiring month? For example, will I have one IBM option series expiring on Friday while another IBM series expires on Saturday?

No, series within the same month will always have either a Friday expiration date or a Saturday expiration date. There will never be series expiring in the same month with both Friday and Saturday expiration dates.

Q23. How will the expiration dates for stock splits and mergers be handled?

The adjusted series resulting from any stock split or merger will retain the original expiration date. For example, using February 1, 2015 as the cutover date, any adjusted option with an expiration date prior to February 1, 2015 will have a Saturday expiration date, and any adjusted option expiring February 1, 2015 or beyond will have a Friday expiration date.

Q24. How will cash accelerated options be handled and what will be the expiration date?

The accelerated options will be adjusted as using the Expiration Cutover Date. If the option is accelerated prior to February 1, 2015, the accelerated options will have a Saturday expiration date. If the option is accelerated after February 1, 2015, the accelerated options will have a Friday expiration date.

Q25. Will current LOPR Reporting guidelines stay the same for Friday expiration?

Yes, all current LOPR Reporting guidelines will still remain. If a position is established where the effective date is equal to the expiration date, the position is reported to the LOPR. This is consistent with current LOPR reporting guidelines for weeklies .

Q26. When will stock settlement occur for a Friday night expiration?

Stock settlement will continue to settle on T+3 which is normally a Wednesday after expiration.

Q27. What time will prices be available?

Final Prices will be updated in ENCORE at approximately 5:45 pm CT. Firms can use the early Price File which is unedited prices and is available at 3:45 pm CT.

Q28. I would like my End of Day position file to contain my positions prior to Ex by Ex processing. Is there a report or transmission available?

Yes, OCC has modified the end of day DDS Position record. The DDS Position Record has been enhanced to also include new tags identifying the long and short position prior to finalization.

Q29. What should firms be doing right now to prepare for Expiration Friday?

Firms should be looking at internal processes and procedures and determine any changes that must be implemented to accommodate this Friday night expiration. In addition, all firms should be able to perform same day reconciliation. If your firm uses a service bureau or vendor you should contact them to verify their plans for Friday expiration processing.
