Introduction and Purpose of the Request for Proposal

The Montréal Exchange (the “**Bourse**”) is inviting all approved participants/foreign approved participants or clients of approved participants/foreign approved participants with direct electronic access to the Bourse who are interested in the new market making program described herein (the “**Market Making Program**”) to submit a proposal outlining their abilities and commitment towards the market making of the Bourse’s [Three-Month Canadian Overnight Repo Rate “CORRA” Futures](#) (CRA) (a “**Proposal**”).

Background

The Bank of Canada (through the Canadian Alternative Reference Rate [CARR] working group) is promoting the use of risk-free rate (RFR) benchmarks that are robust, reliable and resilient to market stress. CORRA has been identified as the primary alternative reference rate for the Canadian marketplace and the Bank of Canada expects it to become increasingly adopted and to eventually become the dominant Canadian interest rate benchmark. In light of these developments and in order to support the Canadian interest rate benchmark transition, the Bourse is expanding its interest rate derivatives product suite with the upcoming launch of Three-Month Canadian Overnight Repo Rate Average “CORRA” Futures contracts (CRA). The Bourse will launch its new offering in June 2020.

Consequently, the Bourse will be implementing a Market Making Program on its upcoming Three-Month CORRA Futures contracts over the 7:00 am ET – 4:30 pm ET trading period, with the ultimate goal to foster and promote market liquidity upon launch.

Program

Description of the Market Making Program

As part of its efforts, the Bourse will proceed, if the responses submitted are satisfactory, with the selection of up to three (3) market makers (the “**Market Makers**”) who will quote the Designated Contracts (as defined below).

Eligibility and Selection Criteria

All approved participants/foreign approved participants or clients of approved participants/foreign approved participants of the Bourse are eligible to be appointed as a Market Maker.

The Bourse will consider the criteria listed in article 3.112 of its Rules in selecting Market Makers, including:

- Technology: Automation capabilities which can be deployed to support efficient market making activities.
- Knowledge: Market Makers will be required to have the necessary skills and experience for the market making of interest rate products.

- Compliance with rules: Only approved participants/foreign approved participants or clients of approved participants/foreign approved participants in good standing and in compliance with the Rules of the Bourse will be considered.

Incentives

In exchange for meeting the market making obligations on the Designated Contracts, the Bourse shall grant incentives to the Market Makers.

Full or partial incentives shall be paid monthly, subject to the Market Maker fulfilling the obligations contained in the Market Making Agreement signed with the Bourse.

Transaction and Clearing Fee Waivers

The Market Makers shall be eligible for fee waivers on CRA Futures, comprising transaction fees and clearing fees. The fee waivers shall remain in effect for the duration of the Market Making Program.

Fixed Compensation

The Bourse will also grant a fixed compensation, referred to as the stipend, to the selected Market Makers, paid on a monthly basis for a period of one (1) year.

Duration of the Program

The duration of the Program will be one (1) year. Market Makers will be required to sign a standard Market Making Agreement for a fixed one-year term, with the Bourse.

Designated Interest Rate Futures Contracts

Three-Month CORRA Futures (CRA) (the “**Designated Contracts**”). The Market Maker may choose to fulfil market making obligations on either the outright CRA contracts or the CRA/BAX spreads:

1. CRA Futures White contracts (quarterly expiries 1 to 4), or
2. CRA/BAX Spreads (2nd to 5th CRA quarterly expiries and 1st to 4th BAX quarterly expiries)

Market Making Requirements

Market Makers will be required to post markets at the contracted minimum size and maximum spread (or better), for a predefined percentage of time. The agreement may also include other requirements.

Monitoring of Performance

The Bourse will monitor the Market Makers’ order book activity to determine compliance with the obligations set forth in the Market Making Agreement. The Bourse shall be solely responsible for the monitoring of Market Makers’ compliance with the Market Making Program obligations and the

calculation of the corresponding incentives in accordance with the terms of the Market Making Agreement.
