Introduction and Purpose of the Request for Proposal

The Montréal Exchange (the “**Bourse**”) is inviting all approved participants/foreign approved participants or clients of approved participants/foreign approved participants with direct electronic access to the Bourse who are interested in the new market making program described herein (the “**Market Making Program**”) to submit a proposal outlining their abilities and commitment towards the market making of the Bourse’s Five-Year Government of Canada Bond Futures (CGF) & Ten-Year Government of Canada Bond Futures (CGB) during the Extended trading hours period (as defined below) (a “**Proposal**”).

Background

The Bourse’s goal to develop a sovereign yield curve dates to 1989 when the Ten-Year Government of Canada Bond Futures (CGB) was first launched. The Bourse subsequently launched its Five-Year Government of Canada Bond Futures in 1995. In December 2018, the Bourse launched a market making program on CGF during the regular trading hours. Since then, activity has increased significantly in the CGF with an average daily volume of approximately 13,000 contracts (H1 2019). The Ten-Year Government of Canada Bond Futures (CGB) has developed into one of the Bourse’s most successful interest rate futures contracts, trading an average of approximately 130,000 contracts per day (H1 2019).

As stated in Circular [116-18](#) published on the Bourse’s website on July 9th 2018, the Bourse self-certified amendments to its rules and procedures in order to extend its trading hours by opening its market at 2:00 am ET rather than 6:00 am ET. The extension of trading hours went live on October 9th, 2018 for all interest rate derivatives. Consequently, the Bourse will be implementing a joint Market Making Program on CGF & CGB over the 2:00 am ET – 6:00 am ET trading period (the “**Extended trading hours period**”), with the ultimate goal to foster and promote market liquidity during non-domestic trading hours.

Program

Description of the Market Making Program

As part of its continued effort, the Bourse will proceed, if the responses submitted are satisfactory, with the selection of up to three (3) market makers (the “**Market Makers**”) who will quote the Designated Contracts (as defined below).

Eligibility and Selection Criteria

All approved participants/foreign approved participants or clients of approved participants/foreign approved participants of the Bourse are eligible to be appointed as a Market Maker.

In order to be eligible for this program, the applicant shall commit to make markets for both the Five-Year Government of Canada Bond Futures (CGF) and the Ten-Year Government of Canada Bond Futures (CGB) during the Extended trading hours period.

The Bourse will consider the criteria listed in article 3.112 of its Rules in selecting Market Makers, including:

- Technology: Automation capabilities which can be deployed to support efficient market making activities.
- Knowledge: Market Makers will be required to have the necessary skills and experience for the market making of interest rate products.
- Compliance with rules: Only approved participants/foreign approved participants or client of approved participants/foreign approved participants in good standing and in compliance with the Rules and Procedures of the Bourse will be considered.

Incentives

In exchange for meeting the market making obligations on the Designated Contracts, the Bourse shall grant incentives to the Market Makers.

Full or partial incentives shall be paid monthly, subject to the Market Maker fulfilling the obligations contained in the Market Making Agreement signed with the Bourse.

Transaction and Clearing Fee Waivers on CGF and CGB

The Market Makers shall be eligible for fee waivers on CGF and CGB, comprising transaction fees and clearing fees with respect to market making transactions occurring during the Extended trading hours period. The fee waivers shall remain in effect for the duration of the Market Making Program.

Fixed Compensation on CGF

The Bourse will also grant a fixed compensation, referred to as the stipend, related to CGF market making activities to the selected Market Makers, paid on a monthly basis for a period of one year.

Duration of the Program

The duration of the Program will be one year. Market Makers will be required to sign a standard Market Making Agreement for a fixed one-year term, with the Bourse.

Designated Interest Rate Futures Contracts

- Five-Year Government of Canada Bond Futures (CGF) (the “**Designated Contracts**”)
- Ten-Year Government of Canada Bond Futures (CGB) (the “**Designated Contracts**”)

Market Making Requirements

Market Makers will be required to post markets at the contracted minimum size and maximum spread (or better), for a predefined percentage of time. Each contract (CGF and CGB) will have a different set of requirements. The agreement may also include other requirements.

Monitoring of Performance

The Bourse will monitor the Market Makers' order book activity to determine compliance with the obligations set forth in the Market Making Agreement. The Bourse shall be solely responsible for the monitoring of Market Makers' compliance with the Market Making Program obligations and the calculation of the corresponding incentives in accordance with the terms of the Market Making Agreement.
